# InterSystems Developers Community

- Technical Articles and Tutorials which expose key features of InterSystems IRIS and developers experience
- Questions and Answers from Developers Community and InterSystems engineers regarding Cache, Ensemble and IRIS usage
- Releases, Events for developers, and Job Opportunities

The screenshot shows the InterSystems Developer Community website. The top navigation bar includes links for Dashboard, Content, Structure, Appearance, People, Modules, Configuration, Reports, Help, and user information for Evgeny Shvarov. The main navigation bar has sections for Learning, Documentation, Community, and Open Exchange. The user is logged in as Evgeny Shvarov. The main content area displays a forum post titled "How Many Parameters Should the Good Method Have?" with 3 answers, 4 comments, 58 views, and 0 ratings. The post content includes a code snippet: 

```
do ##class(Some.Feature).Method(,,,,,,"flag")
```

 and a discussion about the number of parameters in a method. The right sidebar features an "APP OF THE WEEK" section for "WebSockets Tutorial" and an "EVENTS" section for "InterSystems at the 'J on the Beach' conf".

The screenshot shows the InterSystems Developer Community website. The header includes the logo, navigation links for 'PUBLICACIONES', 'PRODUCTOS', 'SERVICIOS', 'ETIQUETAS', 'MIEMBROS', and 'ACERCA DE', along with a search bar and user options like 'Crea una cuenta' and 'Iniciar sesión'. The main content area displays a post titled 'Algoritmo de agrupamiento K-medias sobre datos en IRIS' by Alberto Fuentes, published 4 hours and 46 minutes ago. The post text discusses the K-Medias algorithm and its application in IRIS. Below the post, there are statistics for comments (0), visits (10), and classification (0). Another post titled 'SQL y Funciones definidas por el usuario' by Ricardo Paiva is also visible, published 2 days ago. The right sidebar features a 'APP DE LA SEMANA' section for 'isclib' and an 'EVENTOS' section for a 'Boston InterSystems Developers Meetup' on September 25th.
